

## How does the Diocese of Chichester Spend £100 of Parish Share?

### Ministry

£63 of every £100 received is spent directly on your vicar's stipend, pension and housing.

### Ministry Support

£16 is spent on supporting ministry by paying moving costs for clergy, funding our Archdeacons and Rural Deans, and by training new and existing clergy.

### Parish Support

£3 provides support to our church schools. £14 is used to fund support services for parishes and clergy including safeguarding, buildings advice and stewardship. Finally, we pay £4 to the National Church as part of our contribution to the Household of Faith which is the Church of England.
